Mindluster Platform

About the course Java 9 Concurrency Advanced

While Java isn't necessarily the best language for concurrency, there are a lot of tools, libraries, documentation and best practices out there to help. Using message passing and immutability instead of threads and shared state is considered the better approach to programming concurrent applications .

Programming Category's Courses

Course Lesson(3)

Lesson 1 : **Java 9 Concurrency Advanced Elements The Course Overview | packtpub com**

Lesson 2 : **Java 9 Concurrency Advanced Elements Monitoring a Lock Interface | packtpub com**

Lesson 3 :
Java 9 Concurrency Adv Element Using Atomic Variable Instead of Synchronization| packtpub com
