Mindluster Platform

About the course Java 9 Modular Programming

Java Module System is a major change in Java 9 version. Java added this feature to collect Java packages and code into a single unit called module. In earlier versions of Java, there was no concept of module to create modular Java applications, that why size of application increased and difficult to move around.

Programming Category's Courses

Course Lesson(3)

Lesson 1 : **Learning Java 9 â€“ Modular Programming The Course Overview | packtpub com**

Lesson 2 :
Learning Java 9 â€“ Modular Programming What Is Dependency Why It Need Managing | packtpub com

Lesson 3 : **Learning Java 9 â€“ Modular Programming Introduction to Project Jigsaw| packtpub com**
