About the course Solidification Processing for Beginners

Solidification Processing course, in this course Explore the science and techniques of transforming materials from liquid to solid state, vital in manufacturing and casting.

Engineering Category's Courses

Course Lesson(8)

Lesson 1 : **Introduction to Solidification Processing Introduction Video**

Lesson 2 : **Lec 1 Introduction to phase diagrams**

Lesson 3 : **Lec 2 Thermodynamic relations**

Lesson 4 : **Lec 3 Single component system and binary solutions**

Lesson 5 : **Lec 4 Regular solutions**

Lesson 6 : **Lec 5 Real solutions**

Lesson 7 : **Lec 6 Phase transformations**

Lesson 8 : **Lec 7 Practice problems Module 1**
