Mindluster Platform

About the course Petroleum Reservoir Engineering Techniques

Petroleum Reservoir Techniques course in hindi, In this course we will explore advanced methods and strategies for optimizing petroleum reservoir exploration, management, and production.

Engineering Category's Courses

Course Lesson(22)

Lesson 1 : **Petroleum Reservoir Engineering Introduction Video**

Lesson 2 : **Lec 1 Introduction to Petroleum Reservoir Engineering**

Lesson 3 : **Lec 2 Petroleum Reserves**

Lesson 4 : **Lec 3 Petroleum Geology**

Lesson 5 : **Lec 4 Well Drilling Methods**

Lesson 6 : **Lec 5 Thermodynamics of Hydrocarbons**

Lesson 7 : **Lec 6 Natural Gas Properties**

Lesson 8 : **Lec 7 Properties of Crude Oil**

Lesson 9 : **Lec 8 Reservoir Rock Properties**

Lesson 10 : **Lec 9 Relative Permeability**

Lesson 11 : **Lec 10 Primary Drive Mechanisms**

Lesson 12 : **Lec 11 General Material Volumetric Balance**

Lesson 13 : **Lec 12 Volumetric Balance in Oil and Gas Reservoir**

Lesson 14 : **Lec 13 Fundamentals of Reservoir Fluid Flow**

Lesson 15 : **Lec 14 General Equations for radial Flow in Reservoir**

Lesson 16 : **Lec 15 Inflow Performance Relationship for Reservoir Fluids**

Lesson 17 : **Lec 16 Well Testing and Performance I**

Lesson 18 : **Lec 17 Well Testing and Performance II**

Lesson 19 : **Lec 18 Secondary Oil Recovery Methods**

Lesson 20 : **Lec 19 Enhanced Oil Recovery Methods**

Lesson 21 : **Lec 20 Introduction to Reservoir Simulation**

Lesson 22 : **Lec 21 Unconventional Natural Gas Production**
