Mindluster Platform

About the course Business

Yes, you can have a profile if your business doesn't have a physical address as long as you make in-person contact with customers. You can also have a profile if you're a hybrid business that serves customers at your business address and visits or delivers directly to customers. You may also have a profile if you're a service-area business that visits or delivers to customers directly, but doesn't serve customers at its business address .
