About the course Access Network Arabic

Course Presenter : Huawei ICT Academy Egypt

,Access Network Arabic course in this course provide participants with comprehensive knowledge and skills related to accessing network systems in the Arabic language. Learners will explore various aspects of access network technologies, including DSL, cable, fiber optics, and wireless networks, all presented in Arabic. This course covers fundamental concepts, protocols, and configurations essential for understanding and implementing access network solutions. Participants will gain insights into network architecture, hardware components, and troubleshooting techniques specific to Arabic-speaking environments. Through practical examples and real-world scenarios, students will develop proficiency in designing, deploying, and managing access networks effectively in Arabic-speaking regions. Whether you're an aspiring network professional or seeking to enhance your expertise in access network technologies, this course offers valuable insights and practical skills tailored to the Arabic-speaking audience.

Programming Category's Courses

Course Lesson(19)

Lesson 1 : **Access Network Arabic course Chapter 1 Access Network Overview**

Lesson 2 : **Access Network Arabic course Chapter 2 TCPIP Basics**

Lesson 3 : **Access Network Arabic course Chapter 3 Ethernet Overvieww**

Lesson 4 : **Access Network Arabic course Chapter 4 VLAN Technology Principle**

Lesson 5 : **Access Network Arabic course Chapter 5 Route Basics**

Lesson 6 : **Access Network Arabic course Chapter 6 xDSL Principles and Applications**

Lesson 7 : **Access Network Arabic course Chapter 7 GPON Principles**

Lesson 8 : **Access Network Arabic course Chapter 8 FTTx System Overview**

Lesson 9 : **Access Network Arabic course Chapter 9 GPON OLT Basic Operations lab**

Lesson 10 : **Access Network Arabic course Chapter 9 GPON OLT Basic Operations**

Lesson 11 :
Access Network Arabic course Chapter 10 FTTx GPON Terminal Operations and Maintenance class A lab

Lesson 12 :
Access Network Arabic course Chapter 10 FTTx GPON Terminal Operations and Maintenance class B lab

Lesson 13 : **Access Network Arabic course Chapter 11 PPP and PPPoE Protocols**

Lesson 14 : **Access Network Arabic course Chapter 12 DHCP Principles**

Lesson 15 :
Access Network course Arabic Ch13 GPON Broadband Service Provisioning and Configurations class A lab

Lesson 16 :

Access Network Arabic course Ch13 GPON Broadband Service Provisioning and Configurations class B Lab

Lesson 17 :
Access Network Arabic course Ch 13 GPON Broadband Service Provisioning and Configurations

Lesson 18 : **Access Network Arabic course Chapter 14 GPON Voice**

Lesson 19 : **Access Network Arabic course Chapter 15 ODN Link Detection Guide**
