Mindluster Platform

About the course Polymer Assisted Abrasive Finishing Processes

Polymer Assisted Abrasive course in hindi, in this course Explore the use of polymers in abrasive processes for enhanced surface finishing and precision. Learn techniques & applications.

Engineering Category's Courses

Course Lesson(16)

Lesson 1 : **Polymer Assisted Abrasive Finishing Processes Intro video**

Lesson 2 : **Lec 1 Introduction to Polymer Assisted Abrasive Finishing Processes**

Lesson 3 : **Lec 2 Surface Integrity and Surface roughness representation Part I**

Lesson 4 : **Lec 3 Surface Integrity and Surface roughness representation Part II**

Lesson 5 : **Lec 4 Introduction to Grinding and Polymer assisted Grinding Wheels**

Lesson 6 : **Lec 5 Polymer medium for vibratory bowl finishing Tumbling Drag finishing**

Lesson 7 : **Lec 6 Polymer Pad and Chemo mechanical Polishing**

Lesson 8 : **Lec 7 Elastic Emission Machining**

Lesson 9 : **Lec 8 Hydrodynamic Polishing Elasto Abrasive Finishing**

Lesson 10 : **Lec 9 Abrasive Flow Machining and Finishing I**

Lesson 11 : **Lec 10 Abrasive Flow Machining and Finishing II**

Lesson 12 : **Lec 11 Advances in Abrasive Flow Finishing DBGAFF CFAAFM**

Lesson 13 : **Lec 12 Advances in Abrasive Flow Finishing Spiral Polishing R AFF**

Lesson 14 : **Lec 13 AFF Processes Magnetio AFF MRAFF UAA AFF EC AFF**

Lesson 15 : **Lec 14 Finishing of Biomedical Implants**

Lesson 16 : **Lec 15 Summary of the Course**
