About the course Stakeholder management

Course Presenter : RISR Careers

Stakeholder management , in this course learn how to effectively identify, engage, and influence key stakeholders to ensure project success. In this course, we will learn about stakeholder management strategies that help build trust, reduce conflict, and align expectations throughout the project lifecycle. Youâ€™ll begin by identifying different types of stakeholdersâ€”internal and externalâ€”and understanding their interests, power, and influence. Weâ€™ll then explore practical tools like stakeholder mapping, power-interest grids, and communication plans. Youâ€™ll learn how to prioritize stakeholders, tailor communication strategies, and handle resistance or conflicting interests. This course also emphasizes relationship-building, transparency, and active engagement to create strong, long-term support. Whether you're a project manager, team leader, or business professional, mastering stakeholder management is essential for delivering successful outcomes. Join us and develop the skills to lead projects with confidence and collaboration. RISR Careers
