About the course Prioritizing Stakeholders

Course Presenter : RISR Careers

Prioritizing Stakeholders, in this course we will learn advanced techniques to effectively identify, analyze, and prioritize stakeholders for any project or organizational initiative. You will explore powerful tools such as the Power-Interest Grid, Salience Model, Influence-Impact Analysis, and RACI Matrix to categorize stakeholders based on their influence, interest, legitimacy, urgency, and involvement. The course will guide you on how to tailor communication and engagement strategies for different stakeholder groups, manage expectations, and address potential conflicts. Real-world scenarios and practical exercises will help reinforce each method, ensuring you can apply them confidently. Whether you're a project manager, team leader, or strategist, this course equips you with essential frameworks to engage the right people, make smarter decisions, and drive successful outcomes.
