About the course ESG fundamentals

Course Presenter : Corporate Finance Institute

ESG fundamentals, in this course we will learn the essential principles of Environmental, Social, and Governance (ESG) factors and how they influence modern business and investment decisions. Youâ€™ll gain a clear understanding of how companies are evaluated based on their environmental impact, social responsibility, and governance practices. The course covers key topics such as sustainability, ethical business conduct, stakeholder engagement, climate risk, diversity and inclusion, board structure, and transparency. You will also explore global ESG frameworks and reporting standards, and how ESG performance can drive long-term value and risk mitigation. Through real-world examples and practical insights, this course equips professionals, investors, and business leaders with the foundational knowledge needed to integrate ESG into decision-making, strategy, and operations for more sustainable and ethical outcomes.
