Computer Science Category's Courses

Course Lesson(35)

Lesson 1 : **What is AI Driven Cybersecurity FREE Master Course Salary Guide**

Lesson 2 : **Build Your AI Security Lab in 2026 Kali Linux Docker Python VS Code Setup Episode 2**

Lesson 3 : **Networking Operating System for Cyber Security Every AI Security Engineer Must Know**

Lesson 4 : **How Modern SOC Works in 2026 SIEM Threat Detection AI SOC Explained**

Lesson 5 : **Cyber Security Concepts You MUST Know CIA Triad STRIDE Attack Surface**

Lesson 6 : **Build Your First Cyber Security Automation Tool Python Bash Practical 2026**

Lesson 7 : **Parse Security Logs with Python Extract IoCs Detect Suspicious Activity Hands On**

Lesson 8 : **AI Security Engineers MUST Know This How LLMs Actually Work**

Lesson 9 : **Prompt Engineering for Cyber Security Turn AI into a SOC Log Analyzer Video 9**

Lesson 10 : **AI APIs in Python Explained Gemini Payloads Async Rate Limits Retries Video 10**

Lesson 11 : **Gemini API Python Security Analyzer Async Retry Backoff Video 11**

Lesson 12 :
How AI Searches by Meaning Embeddings Vector Databases ChromaDB Explained Video 12

Lesson 13 : **I Built a Vector Database with Python ChromaDB Semantic Search Video 12**

Lesson 14 : **Build Your First AI Security RAG CVEs MITRE ATT CK Gemini ChromaDB Video 14**

Lesson 15 : **AI Agents Explained Tool Calling Memory Planning Autonomous Workflows Video 15**

Lesson 16 : **I Built an AI Agent That Investigates IPs Automatically Python Gemini Video 16**

Lesson 17 : **MCP Explained Connect AI Agents to Tools APIs Security Systems Video 17**

Lesson 18 : **Build a Security MCP Server in Python Claude Code MCP Inspector Video 18**

Lesson 19 : **Multi Agent AI for Cyber Security Handoffs Orchestration Specialized Agents**

Lesson 20 : **Build a Multi Agent Security System in Python Gemini Google GenAI SDK Claude Code**

Lesson 21 : **How AI Automates Modern SOC Operations in 2026 Agentic AI Incident Response**

Lesson 22 : **Build an AI SOC Alert System with n8n Analyze Logs Send Alerts**

Lesson 23 : **AI Scores Cyber Threats Auto Routes Them to the Right Team n8n SOC Project**

Lesson 24 : **AI Detects Phishing Emails Sends a Full Security Report n8n OpenAI**

Lesson 25 : **Turn a Lengthy Vulnerability Report into Actionable Fixes n8n OpenAI**

Lesson 26 : **Build an AI SOC Copilot with n8n MITRE ATT CK GPT 4o**

Lesson 27 : **Prompt Injection Explained How Hackers Manipulate AI LLM Security**

Lesson 28 : **30 Ways Hackers Try to Manipulate AI Prompt Injection Explained**

Lesson 29 : **OWASP LLM Top 10 2026 10 AI Security Risks Every Engineer Must Know**

Lesson 30 : **How Hackers Poison RAG Systems Leak Private Documents RAG Security**

Lesson 31 : **Your AI Model Might Be Compromised AI Supply Chain Security Explained**

Lesson 32 : **Never Give AI Agents Unrestricted Shell Access Prevent Dangerous AI Actions**

Lesson 33 : **Build AI Guardrails in Python Stop Prompt Injection Tool Abuse**

Lesson 34 : **Is Your AI Lying to You Detect Hallucinations Measure AI Accuracy AI Security**

Lesson 35 : **I Built an AI That Judges Another AI Hallucination Detection with Langfuse Python**
