# About the course React native windows installation

React native windows course in hindi, in this course Dive into the world of React Native on Windows. Explore the setup and tools needed for Windows-based React Native app development. Ideal for beginners, this course provides step-by-step guidance to kickstart your journey in building cross-platform applications with React Native on Windows

**Computer Science Category's Courses**

# Course Lesson(58)

Lesson 1 : **React Native Mastery Develop 10 Apps with Confidence**

Lesson 2 : **The Ultimate React Native Installation Guide Prerequisites and Setup**

Lesson 3 : **React native windows installation**

Lesson 4 : **React Native 101 Building Your First App and Troubleshooting Common Issues**

Lesson 5 : **React Native File Structure Best Practices and Tips**

Lesson 6 : **Rewrite React Native App**

Lesson 7 : **Styling React Native Components The Fundamentals of Stylesheet**

Lesson 8 : **Dynamic Theming in React Native A Guide to Hooks**

Lesson 9 : **Summary of Project 1 and open source contribution React Native**

Lesson 10 : **React Native Project 2**

Lesson 11 : **Organizing Your React Native Project with Multi File Components**

Lesson 12 : **React Native Flexbox Explained How to Create Powerful UI**

Lesson 13 : **React Native Horizontal Scroll A Complete Overview of Properties and Usage**

Lesson 14 : **A Beginner s Guide to Images in React Native**

Lesson 15 : **Styling Cards in React Native**

Lesson 16 : **DeepLinking and Touchable Opacity in React Native**

Lesson 17 : **Making beautiful buttons in react native**

Lesson 18 : **Iteration UI in react native**

Lesson 19 : **WhatsApp chat style design in React Native**

Lesson 20 : **Project 3 Password Generator in react Native**

Lesson 21 : **Yup schema validation in react native**

Lesson 22 : **UseState in React Native**

Lesson 23 : **Logic to generate password React Native**

Lesson 24 : **How to reset state in React Native**

Lesson 25 : **Formik React Native Crash Course**

Lesson 26 : **Debugging React Native Apps**

Lesson 27 : **Let s build a react native app with debugging in 1 shot Project 4**

Lesson 28 : **React Native Project 5 Haptic feedback and Images**

Lesson 29 : **How to handle Images in React Native**

Lesson 30 : **Rolling the dice in React Native**

Lesson 31 : **Handling errors in Haptic Feedback in React Native**

Lesson 32 : **Project 6 What next to build in React Native**

Lesson 33 : **Currency type and button component**

Lesson 34 : **Introduction to flatlist in React native**

Lesson 35 : **Implementing FlatList in React Native**

Lesson 36 : **Project 7 in React Native TicTacToe app**

Lesson 37 : **FontAwesome icons in react native**

Lesson 38 : **How to write tic tac toe logic**

Lesson 39 : **Finishing tic tac toe in react native**

Lesson 40 : **Project 8 Building a Spotify inspired app in react native**

Lesson 41 : **React native track player reading docs**

Lesson 42 : **Create a music service in React Native**

Lesson 43 : **Conditional rendering of UI for music in react native**

Lesson 44 : **Creating control centre in react native**

Lesson 45 : **Slider and album info in react native**

Lesson 46 : **Combining components in screen and debugging in react native**

Lesson 47 : **Introduction to react native navigation**

Lesson 48 : **Learn react native navigation basics**

Lesson 49 : **Setting up Home screen for navigation in react native**

Lesson 50 : **Handling params in details screen in react native**

Lesson 51 : **Project 10 in react native**

Lesson 52 : **Setting up navigation for react native**

Lesson 53 : **Creating components to display mobile in react native**

Lesson 54 : **Finishing up navigation project**

Lesson 55 : **Building a React native app with Appwrite authentication App demo**

Lesson 56 : **Complete Appwrite authentication walkthrough**

Lesson 57 : **Using Appwrite service with custom context in React Native**

Lesson 58 : **React Native Authentication in 1 shot Appwrite Backend**
