Mindluster Platform

About the course OpenCV with Android Studio

To work with the OpenCV Android library, you have to add it to your app module as a dependency. To easily do this on Android Studio, click on File -> Project Structure. When the project structure dialog opens, click on the app module or any other module that you want to use OpenCV library in.

Programming Category's Courses

Course Lesson(5)

Lesson 1 :
OpenCV Android Studio Android Image Processing Android Machine Learning Library Learn OpenCv

Lesson 2 :
OpenCV Configuration in Android Studio OpenCV Android Studio Setup Tutorial 2019 OpenCV Library

Lesson 3 :
Launch Camera with openCV in Android Studio Process Frames Android Deep Learning Tutorials

Lesson 4 :
Android Text Recognition from Camera Android Studio Tutorial Text Recogniser using ML KIT

Lesson 5 :
Android Face Detection using Camera Google MLKit Face Detection Android Studio Firebase ML Kit
