Mindluster Platform

About the course Data Science Interview

A data scientist is a professional responsible for collecting, analyzing and interpreting extremely large amounts of data. The data scientist role is an offshoot of several traditional technical roles, including mathematician, scientist, statistician and computer professional.

Programming Category's Courses

Course Lesson(12)

Lesson 1 : **Conversation with Amazon Data Scientist Debjyoti Paul**

Lesson 2 : **Conversation With Krish Naik**

Lesson 3 :
Data Science Interview Tips Career Guidance With Ken Jee Krish Naik Data Professor Codebasics

Lesson 4 : **Interview with a siemens data scientist TEDx speaker | Vijay Pravin Maharajan**

Lesson 5 : **Data Science In Biology | How a biologist became a data scientist**

Lesson 6 : **Data science career tips from H20 ai machine learning engineer and a Kaggle expert**

Lesson 7 : **He got 5 internships and 2 job offers | Interview with Zomato machine learning engineer**

Lesson 8 : **Data Science Masters in USA | Guidance and Tips**

Lesson 9 : **Petroleum Engineer To Data Scientist**

Lesson 10 : **He completed his data science masters in USA for FREE**

Lesson 11 : **How Kaggle Helped Him Become ML Engineer With Mechanical Engineer Degree**

Lesson 12 : **He has worked for Facebook Google Microsoft AI Research Teams | Data Scientist**
