Mindluster Platform

About the course Django from zero

Conclusion. It's not easy to learn Django if you don't have a strong foundational knowledge of Python. You don't need to learn everything in Python but at least make your fundamental concepts clear in Python to start with the Django application .

Programming Category's Courses

Course Lesson(26)

Lesson 1 : **1 Django tutorials | What is Django | Python Web Framework**

Lesson 2 : **2 Django tutorials | Setup**
