About the course Numbers Signs in American Sign Language

Numbers Signs course, in this course we will learn about the Numbers Signs in American Sign Language (ASL), covering how to sign numerical concepts from 0 to 100 and beyond. Through interactive lessons, students will explore handshapes, movements, and spatial locations used to represent various numbers. They will also learn how to incorporate numbers into everyday conversations, express quantities, and discuss numerical concepts effectively in ASL. By the end of the course, learners will have the skills to sign numbers fluently and confidently in ASL conversations.
