Mindluster Platform

About the course PHP for Beginners Build a Game

As you have seen that PHP interacts smoothly with the console, it is particularly easy to make text-based games with PHP. However, thanks to the work of Brian Wang and Markus Fischer, you can even create graphical games with PHP. Naturally it is much easier to create text-based games, so that is where we will start.

Programming Category's Courses

Course Lesson(9)

Lesson 1 : **How to Build a Game using PHP Introduction**

Lesson 2 : **How to Build a Game using PHP Lesson 1**

Lesson 3 : **How to Build a Game using PHP Lesson 2**
