# About the course Systemic Lupus Eythematosus Symptoms

Systemic Lupus Eythematosus Symptoms course, in this course we will learn about the diverse array of symptoms associated with systemic lupus erythematosus (SLE), an autoimmune disease. We'll explore manifestations such as fatigue, joint pain, skin rashes (especially on the face), fever, and sensitivity to sunlight. Understanding these symptoms is crucial for early detection, management, and improving the quality of life for individuals with SLE.
