Mindluster Platform

About the course Next js and MongoDB

One of the best features of the Next. js framework is that we can create API endpoints and access the database using it. To do this, let's first create a file named posts. js inside the pages/api directory .

Programming Category's Courses

Course Lesson(3)

Lesson 1 : **Build an app with NextJS and MongoDB Part 1**

Lesson 2 : **Build an app with Next JS and MongoDB Part 2**

Lesson 3 : **Build an app with Next JS and MongoDB Part 3**
