Mindluster Platform

About the course The best Angular

Using Angular effectively requires that you understand the fundamentals of JavaScript. What's more, the value you derive from Angular will be proportional to how adept you are at JavaScript. I don't recommend learning Angular without at least a basic understanding of JavaScript.

Programming Category's Courses

Course Lesson(4)

Lesson 1 : **Angular Schematics for JS 2**

Lesson 2 : **How to Create Apps with Syncfusion and Angular 5 Webinar**

Lesson 3 : **D3 Intelligence Syncfusion Scaling Up a Startup with Angular UI Components**
