Mindluster Platform

About the course Design of Computer Programs

Any program is written using any language that is understandable for a human is called source code and after making this source code with the help of the compiling process is converted into executable file .

Programming Category's Courses

Course Lesson(415)

Lesson 1 : **Welcome Design of Computer Programs**

Lesson 2 : **About the Class Design of Computer Programs**

Lesson 3 : **Outlining The Problem Design of Computer Programs**

Lesson 4 : **Representing Hands Design of Computer Programs**

Lesson 5 : **Representing Hands Solution Design of Computer Programs**

Lesson 6 : **Poker Function Design of Computer Programs**

Lesson 7 : **Poker Function Solution Design of Computer Programs**

Lesson 8 : **Understanding Max Design of Computer Programs**

Lesson 9 : **Understanding Max Solution Design of Computer Programs**

Lesson 10 : **Using Max Design of Computer Programs**

Lesson 11 : **Using Max Solution Design of Computer Programs**

Lesson 12 : **Testing Design of Computer Programs**

Lesson 13 : **Testing Solution Design of Computer Programs**

Lesson 14 : **Extreme Values Design of Computer Programs**

Lesson 15 : **Extreme Values Solution Design of Computer Programs**

Lesson 16 : **Hand Rank Attempt Design of Computer Programs**

Lesson 17 : **Hand Rank Attempt Solution Design of Computer Programs**

Lesson 18 : **Representing Rank Design of Computer Programs**

Lesson 19 : **Representing Rank Solution Design of Computer Programs**

Lesson 20 : **Wild West Poker Design of Computer Programs**

Lesson 21 : **Back To Hand Rank Design of Computer Programs**

Lesson 22 : **Testing Hand Rank Design of Computer Programs**

Lesson 23 : **Testing Hand Rank Solution Design of Computer Programs**

Lesson 24 : **Writing Hand Rank Design of Computer Programs**

Lesson 25 : **Writing Hand Rank Solution Design of Computer Programs**

Lesson 26 : **Testing Card Rank Design of Computer Programs**

Lesson 27 : **Testing Card Rank Solution Design of Computer Programs**

Lesson 28 : **Fixing Card Rank Design of Computer Programs**

Lesson 29 : **Fixing Card Rank Solution Design of Computer Programs**

Lesson 30 : **Straight And Flush Design of Computer Programs**

Lesson 31 : **Straight And Flush Solution Design of Computer Programs**

Lesson 32 : **Kind Function Design of Computer Programs**

Lesson 33 : **Kind Function Solution Design of Computer Programs**

Lesson 34 : **Two Pair Function Design of Computer Programs**

Lesson 35 : **Two Pair Function Solution Design of Computer Programs**

Lesson 36 : **Making Changes Design of Computer Programs**

Lesson 37 : **Making Changes Solution Design of Computer Programs**

Lesson 38 : **What To Change Design of Computer Programs**

Lesson 39 : **What To Change Solution Design of Computer Programs**

Lesson 40 : **Ace Low Straight Design of Computer Programs**

Lesson 41 : **Ace Low Straight Solution Design of Computer Programs**

Lesson 42 : **Handling Ties Design of Computer Programs**

Lesson 43 : **Handling Ties Solution Design of Computer Programs**

Lesson 44 : **Allmax Design of Computer Programs**

Lesson 45 : **Allmax Solution Design of Computer Programs**

Lesson 46 : **Deal Design of Computer Programs**

Lesson 47 : **Deal Solution Design of Computer Programs**

Lesson 48 : **Hand Frequencies Design of Computer Programs**

Lesson 49 : **Hand Frequencies Solution Design of Computer Programs**

Lesson 50 : **Dimensions Of Programming Design of Computer Programs**

Lesson 51 : **Refactoring Design of Computer Programs**

Lesson 52 : **Summary Design of Computer Programs**

Lesson 53 : **Bad Shuffle Design of Computer Programs**

Lesson 54 : **Shuffle Runtime Design of Computer Programs**

Lesson 55 : **Shuffle Runtime Solution Design of Computer Programs**

Lesson 56 : **Good Shuffle Design of Computer Programs**

Lesson 57 : **Good Shuffle Solution Design of Computer Programs**

Lesson 58 : **Is It Random Design of Computer Programs**

Lesson 59 : **Is It Random Solution Design of Computer Programs**

Lesson 60 : **Testing Shuffles Design of Computer Programs**

Lesson 61 : **Comparing Shuffles Design of Computer Programs**

Lesson 62 : **Comparing Shuffles Solution Design of Computer Programs**

Lesson 63 : **Computing Or Doing Design of Computer Programs**

Lesson 64 : **Hello Design of Computer Programs**

Lesson 65 : **List Comprehensions 1 Design of Computer Programs**

Lesson 66 : **List Comprehensions 2 Design of Computer Programs**

Lesson 67 : **List Comprehensions 2 Solution Design of Computer Programs**

Lesson 68 : **List Comprehensions 3 Design of Computer Programs**

Lesson 69 : **List Comprehensions 4 Design of Computer Programs**

Lesson 70 : **List Comprehensions 4 Solution Design of Computer Programs**

Lesson 71 : **Rules Of Poker Design of Computer Programs**

Lesson 72 : **Seven Card Stud Design of Computer Programs**

Lesson 73 : **Seven Card Stud Solution Design of Computer Programs**

Lesson 74 : **Jokers Wild Design of Computer Programs**

Lesson 75 : **Jokers Wild Solution Design of Computer Programs**

Lesson 76 : **Office Hours 1 Design of Computer Programs**

Lesson 77 : **Zebra Puzzle Design of Computer Programs**

Lesson 78 : **Zebra Puzzle Solution Design of Computer Programs**

Lesson 79 : **Wheres The Spaniard Design of Computer Programs**

Lesson 80 : **Wheres The Spaniard Solution Design of Computer Programs**

Lesson 81 : **Counting Assignments Design of Computer Programs**

Lesson 82 : **Counting Assignments Solution Design of Computer Programs**

Lesson 83 : **Multiple Properties Design of Computer Programs**

Lesson 84 : **Multiple Properties Solution Design of Computer Programs**

Lesson 85 : **Back Of The Envelope Design of Computer Programs**

Lesson 86 : **Back Of The Envelope Solution Design of Computer Programs**

Lesson 87 : **Leaving Happy Valley Design of Computer Programs**

Lesson 88 : **Leaving Happy Valley Solution Design of Computer Programs**

Lesson 89 : **Ordering Houses Design of Computer Programs**

Lesson 90 : **Ordering Houses Solution Design of Computer Programs**

Lesson 91 : **Length Of Orderings Design of Computer Programs**

Lesson 92 : **Length Of Orderings Solution Design of Computer Programs**

Lesson 93 : **Estimating Runtime Design of Computer Programs**

Lesson 94 : **Estimating Runtime Solution Design of Computer Programs**

Lesson 95 : **Red Englishman Design of Computer Programs**

Lesson 96 : **Red Englishman Solution Design of Computer Programs**

Lesson 97 : **Neighbors Design of Computer Programs**

Lesson 98 : **Neighbors Solution Design of Computer Programs**

Lesson 99 : **Slow Solution Design of Computer Programs**

Lesson 100 : **List Comprehensions Design of Computer Programs**

Lesson 101 : **Generator Expressions Design of Computer Programs**

Lesson 102 : **Generator Expressions Solution Design of Computer Programs**

Lesson 103 : **Eliminating Redundancy Design of Computer Programs**

Lesson 104 : **Eliminating Redundancy Solution Design of Computer Programs**

Lesson 105 : **Winning The Race Design of Computer Programs**

Lesson 106 : **Star Args Design of Computer Programs**

Lesson 107 : **Good Science Design of Computer Programs**

Lesson 108 : **Good Science Solution Design of Computer Programs**

Lesson 109 : **Timed Calls Design of Computer Programs**

Lesson 110 : **Timed Calls Solution Design of Computer Programs**

Lesson 111 : **Cleaning Up Functions Design of Computer Programs**

Lesson 112 : **Yielding Results Design of Computer Programs**

Lesson 113 : **Yielding Results Solution Design of Computer Programs**

Lesson 114 : **All Ints Design of Computer Programs**

Lesson 115 : **All Ints Solution Design of Computer Programs**

Lesson 116 : **Nitty Gritty For Loops Design of Computer Programs**

Lesson 117 : **Zebra Summary Design of Computer Programs**

Lesson 118 : **Cryptarithmetic Design of Computer Programs**

Lesson 119 : **Cryptarithmetic Design of Computer Programs**

Lesson 120 : **Odd Or Even Design of Computer Programs**

Lesson 121 : **Odd Or Even Solution Design of Computer Programs**

Lesson 122 : **Brute Force Solution Design of Computer Programs**

Lesson 123 : **Translation Tables Design of Computer Programs**

Lesson 124 : **Regular Expressions Design of Computer Programs**

Lesson 125 : **Solving Cryptarithmetic Design of Computer Programs**

Lesson 126 : **Solving Cryptarithmetic Solution Design of Computer Programs**

Lesson 127 : **Fill In Function Design of Computer Programs**

Lesson 128 : **Fill In Function Solution Design of Computer Programs**

Lesson 129 : **Filling In Fill In Design of Computer Programs**

Lesson 130 : **Filling In Fill In Solution Design of Computer Programs**

Lesson 131 : **Future Imports Design of Computer Programs**

Lesson 132 : **Testing Design of Computer Programs**

Lesson 133 : **Find All Values Design of Computer Programs**

Lesson 134 : **Find All Values Solution Design of Computer Programs**

Lesson 135 : **Tracking Time Design of Computer Programs**

Lesson 136 : **Increasing Speed Design of Computer Programs**

Lesson 137 : **Increasing Speed Solution Design of Computer Programs**

Lesson 138 : **Rethinking Eval Design of Computer Programs**

Lesson 139 : **Rethinking Eval Solution Design of Computer Programs**

Lesson 140 : **Making Fewer Calls Design of Computer Programs**

Lesson 141 : **Making Fewer Calls Solution Design of Computer Programs**

Lesson 142 : **Lambda Design of Computer Programs**

Lesson 143 : **Compile Word Design of Computer Programs**

Lesson 144 : **Compile Word Solution Design of Computer Programs**

Lesson 145 : **Speeding Up Design of Computer Programs**

Lesson 146 : **Recap Design of Computer Programs**

Lesson 147 : **No Leading Zeros Design of Computer Programs**

Lesson 148 : **No Leading Zeros Solution Design of Computer Programs**

Lesson 149 : **Floor Puzzle Design of Computer Programs**

Lesson 150 : **Floor Puzzle Solution Design of Computer Programs**

Lesson 151 : **Subpalindrome Design of Computer Programs**

Lesson 152 : **Subpalindrome Solution Design of Computer Programs**

Lesson 153 : **Office Hours 2 Design of Computer Programs**

Lesson 154 : **Introduction Design of Computer Programs**

Lesson 155 : **Regular Expressions Review Part 1 Design of Computer Programs**

Lesson 156 : **Regular Expressions Review Part 2 Design of Computer Programs**

Lesson 157 : **Regular Expressions Review Quiz 1 Design of Computer Programs**

Lesson 158 : **Regular Expressions Review Quiz 1 Design of Computer Programs**

Lesson 159 : **Regular Expressions Review Quiz 2 Design of Computer Programs**

Lesson 160 : **Regular Expressions Review Quiz 2 Design of Computer Programs**

Lesson 161 : **Regular Expressions Review Quiz 3 Design of Computer Programs**

Lesson 162 : **Regular Expressions Review Quiz 3 Design of Computer Programs**

Lesson 163 : **Regular Expressions Review Part 3 Design of Computer Programs**

Lesson 164 : **Language Design of Computer Programs**

Lesson 165 : **Regular Expressions Design of Computer Programs**

Lesson 166 : **Specifications Design of Computer Programs**

Lesson 167 : **Concept Inventory Design of Computer Programs**

Lesson 168 : **Matchset Design of Computer Programs**

Lesson 169 : **Matchset Solution Design of Computer Programs**

Lesson 170 : **Filling Out The Api Design of Computer Programs**

Lesson 171 : **Filling Out The Api Solution Design of Computer Programs**

Lesson 172 : **Search And Match Design of Computer Programs**

Lesson 173 : **Search And Match Solution Design of Computer Programs**

Lesson 174 : **Compiling Design of Computer Programs**

Lesson 175 : **Lower Level Compilers Design of Computer Programs**

Lesson 176 : **Alt Design of Computer Programs**

Lesson 177 : **Alt Solution Design of Computer Programs**

Lesson 178 : **Simple Compilers Design of Computer Programs**

Lesson 179 : **Simple Compilers Solution Design of Computer Programs**

Lesson 180 : **Recognizers And Generators Design of Computer Programs**

Lesson 181 : **Oneof And Alt Design of Computer Programs**

Lesson 182 : **Oneof And Alt Solution Design of Computer Programs**

Lesson 183 : **Avoiding Repetition Design of Computer Programs**

Lesson 184 : **Genseq Design of Computer Programs**

Lesson 185 : **Genseq Solution Design of Computer Programs**

Lesson 186 : **Induction Design of Computer Programs**

Lesson 187 : **Testing Genseq Design of Computer Programs**

Lesson 188 : **Theory And Practice Design of Computer Programs**

Lesson 189 : **Changing Seq Design of Computer Programs**

Lesson 190 : **Changing Seq Solution Design of Computer Programs**

Lesson 191 : **Changing Functions Design of Computer Programs**

Lesson 192 : **Function Mapping Design of Computer Programs**

Lesson 193 : **Function Mapping Solution Design of Computer Programs**

Lesson 194 : **N Ary Function Design of Computer Programs**

Lesson 195 : **N Ary Function Solution Design of Computer Programs**

Lesson 196 : **Update Wrapper Design of Computer Programs**

Lesson 197 : **Decorated Wrappers Design of Computer Programs**

Lesson 198 : **Decorated Decorators Design of Computer Programs**

Lesson 199 : **Decorated Decorators Solution Design of Computer Programs**

Lesson 200 : **Cache Management Design of Computer Programs**

Lesson 201 : **Cache Management Design of Computer Programs**

Lesson 202 : **Save Time Now Design of Computer Programs**

Lesson 203 : **Save Time Now Solution Design of Computer Programs**

Lesson 204 : **Trace Tool Design of Computer Programs**

Lesson 205 : **Trace Tool Solution Design of Computer Programs**

Lesson 206 : **Disable Decorator Design of Computer Programs**

Lesson 207 : **Back To Languages Design of Computer Programs**

Lesson 208 : **Back To Languages Solution Design of Computer Programs**

Lesson 209 : **Writing Grammar Design of Computer Programs**

Lesson 210 : **Descriptionary Design of Computer Programs**

Lesson 211 : **White Space Design of Computer Programs**

Lesson 212 : **Parsing Design of Computer Programs**

Lesson 213 : **Parse Function Design of Computer Programs**

Lesson 214 : **Speedy Parsing Design of Computer Programs**

Lesson 215 : **Speedy Parsing Solution Design of Computer Programs**

Lesson 216 : **Catching Typos Design of Computer Programs**

Lesson 217 : **Summary Design of Computer Programs**

Lesson 218 : **Json Parser Design of Computer Programs**

Lesson 219 : **Json Parser Solution Design of Computer Programs**

Lesson 220 : **Inverse Function Design of Computer Programs**

Lesson 221 : **Inverse Function Solution Design of Computer Programs**

Lesson 222 : **Find Html Tags Design of Computer Programs**

Lesson 223 : **Find Html Tags Solution Design of Computer Programs**

Lesson 224 : **Challenge Problem Design of Computer Programs**

Lesson 225 : **Question One Design of Computer Programs**

Lesson 226 : **Question Two Design of Computer Programs**

Lesson 227 : **Question Three Design of Computer Programs**

Lesson 228 : **Question Four Design of Computer Programs**

Lesson 229 : **Water Pouring Problem Design of Computer Programs**

Lesson 230 : **Combinatorial Complexity Design of Computer Programs**

Lesson 231 : **Combinatorial Complexity Solution Design of Computer Programs**

Lesson 232 : **Exploring The Space Design of Computer Programs**

Lesson 233 : **Exploring The Space Solution Design of Computer Programs**

Lesson 234 : **Pouring Solution Design of Computer Programs**

Lesson 235 : **Doctest Design of Computer Programs**

Lesson 236 : **Bridge Problem Design of Computer Programs**

Lesson 237 : **Representing State Design of Computer Programs**

Lesson 238 : **Representing State Solution Design of Computer Programs**

Lesson 239 : **Bridge Successors Design of Computer Programs**

Lesson 240 : **Bridge Successors Solution Design of Computer Programs**

Lesson 241 : **Paths Actions States Design of Computer Programs**

Lesson 242 : **Paths Actions States Design of Computer Programs**

Lesson 243 : **Bridge Solution Design of Computer Programs**

Lesson 244 : **Bridge Solution Solution Design of Computer Programs**

Lesson 245 : **Debugging Design of Computer Programs**

Lesson 246 : **Debugging Solution Design of Computer Programs**

Lesson 247 : **Did It Work Design of Computer Programs**

Lesson 248 : **Did It Work Solution Design of Computer Programs**

Lesson 249 : **Improving The Solution Design of Computer Programs**

Lesson 250 : **Improving The Solution Solution Design of Computer Programs**

Lesson 251 : **Modify Code Design of Computer Programs**

Lesson 252 : **Modify Code Solution Design of Computer Programs**

Lesson 253 : **Adding Tests Design of Computer Programs**

Lesson 254 : **Refactoring Paths Design of Computer Programs**

Lesson 255 : **Refactoring Paths Solution Design of Computer Programs**

Lesson 256 : **Calculating Costs Design of Computer Programs**

Lesson 257 : **Calculating Costs Solution Design of Computer Programs**

Lesson 258 : **Putting It Together Design of Computer Programs**

Lesson 259 : **Generalizing Design of Computer Programs**

Lesson 260 : **Missionaries And Cannibals Design of Computer Programs**

Lesson 261 : **Missionaries And Cannibals Solution Design of Computer Programs**

Lesson 262 : **Generalized State Design of Computer Programs**

Lesson 263 : **Generalized State Solution Design of Computer Programs**

Lesson 264 : **Csuccessors Design of Computer Programs**

Lesson 265 : **Csuccessors Solution Design of Computer Programs**

Lesson 266 : **Mc Problem Design of Computer Programs**

Lesson 267 : **Shortest Path Search Design of Computer Programs**

Lesson 268 : **Shortest Path Search Solution Design of Computer Programs**

Lesson 269 : **Sps Function Design of Computer Programs**

Lesson 270 : **Sps Function Solution Design of Computer Programs**

Lesson 271 : **Cleaning Up Mc Problem Design of Computer Programs**

Lesson 272 : **Cleaning Up Mc Problem Solution Design of Computer Programs**

Lesson 273 : **Lowest Cost Search Design of Computer Programs**

Lesson 274 : **Lowest Cost Search Solution Design of Computer Programs**

Lesson 275 : **Back To Bridge Problem Design of Computer Programs**

Lesson 276 : **Back To Bridge Problem Solution Design of Computer Programs**

Lesson 277 : **Summary Design of Computer Programs**

Lesson 278 : **Refactoring Bsuccessors Design of Computer Programs**

Lesson 279 : **Refactoring Bsuccessors Solution Design of Computer Programs**

Lesson 280 : **More Pour Problem Design of Computer Programs**

Lesson 281 : **More Pour Problem Solution Design of Computer Programs**

Lesson 282 : **Subway Planning Design of Computer Programs**

Lesson 283 : **Subway Planning Solution Design of Computer Programs**

Lesson 284 : **Welcome Back Design of Computer Programs**

Lesson 285 : **Porcine Probability Design of Computer Programs**

Lesson 286 : **The State Of Pig Design of Computer Programs**

Lesson 287 : **The State Of Pig Solution Design of Computer Programs**

Lesson 288 : **Concept Inventory Design of Computer Programs**

Lesson 289 : **Hold And Roll Design of Computer Programs**

Lesson 290 : **Hold And Roll Solution Design of Computer Programs**

Lesson 291 : **Named Tuples Design of Computer Programs**

Lesson 292 : **Clueless Design of Computer Programs**

Lesson 293 : **Clueless Solution Design of Computer Programs**

Lesson 294 : **Hold At Strategy Design of Computer Programs**

Lesson 295 : **Hold At Strategy Solution Design of Computer Programs**

Lesson 296 : **Play Pig Design of Computer Programs**

Lesson 297 : **Play Pig Solution Design of Computer Programs**

Lesson 298 : **Dependency Injection Design of Computer Programs**

Lesson 299 : **Loading The Dice Design of Computer Programs**

Lesson 300 : **Loading The Dice Solution Design of Computer Programs**

Lesson 301 : **Optimizing Strategy Design of Computer Programs**

Lesson 302 : **Optimizing Strategy Solution Design of Computer Programs**

Lesson 303 : **Utility Design of Computer Programs**

Lesson 304 : **Game Theory Design of Computer Programs**

Lesson 305 : **Game Theory Solution Design of Computer Programs**

Lesson 306 : **Break Even Point Design of Computer Programs**

Lesson 307 : **Break Even Point Solution Design of Computer Programs**

Lesson 308 : **Whats Your Crossover Design of Computer Programs**

Lesson 309 : **Optimal Pig Design of Computer Programs**

Lesson 310 : **Pwin Design of Computer Programs**

Lesson 311 : **Maxwins Design of Computer Programs**

Lesson 312 : **Maxwins Solution Design of Computer Programs**

Lesson 313 : **Impressing Pig Scouts Design of Computer Programs**

Lesson 314 : **Maximizing Differential Design of Computer Programs**

Lesson 315 : **Maximizing Differential Solution Design of Computer Programs**

Lesson 316 : **Being Careful Design of Computer Programs**

Lesson 317 : **Legal Actions Design of Computer Programs**

Lesson 318 : **Legal Actions Solution Design of Computer Programs**

Lesson 319 : **Using Tools Design of Computer Programs**

Lesson 320 : **Telling A Story Design of Computer Programs**

Lesson 321 : **Simulation Vs Enumeration Design of Computer Programs**

Lesson 322 : **Simulation Vs Enumeration Solution Design of Computer Programs**

Lesson 323 : **Conditional Probability Design of Computer Programs**

Lesson 324 : **Tuesday Design of Computer Programs**

Lesson 325 : **Tuesday Solution Design of Computer Programs**

Lesson 326 : **Summary Design of Computer Programs**

Lesson 327 : **Improving Optimal Design of Computer Programs**

Lesson 328 : **Improving Optimal Solution Design of Computer Programs**

Lesson 329 : **Doubling Pigs Design of Computer Programs**

Lesson 330 : **Doubling Pigs Solution Design of Computer Programs**

Lesson 331 : **Foxes And Hens Design of Computer Programs**

Lesson 332 : **Foxes And Hens Solution Design of Computer Programs**

Lesson 333 : **Welcome Design of Computer Programs**

Lesson 334 : **Set Theory Design of Computer Programs**

Lesson 335 : **Set Theory Quiz Design of Computer Programs**

Lesson 336 : **Set Theory Quiz Solution Design of Computer Programs**

Lesson 337 : **Python Sets Design of Computer Programs**

Lesson 338 : **Python Sets Solution Design of Computer Programs**

Lesson 339 : **List Methods Count Sort Reverse Design of Computer Programs**

Lesson 340 : **Generators Design of Computer Programs**

Lesson 341 : **Generators Solution Design of Computer Programs**

Lesson 342 : **Generators 2 Design of Computer Programs**

Lesson 343 : **Generators 2 Solution Design of Computer Programs**

Lesson 344 : **Generators 3 Design of Computer Programs**

Lesson 345 : **Generators 3 Solution Design of Computer Programs**

Lesson 346 : **Scope Intro Design of Computer Programs**

Lesson 347 : **Scope Quiz Design of Computer Programs**

Lesson 348 : **Scope Quiz Design of Computer Programs**

Lesson 349 : **Scope and Memo Design of Computer Programs**

Lesson 350 : **Welcome Back Design of Computer Programs**

Lesson 351 : **Word Games Design of Computer Programs**

Lesson 352 : **Concept Inventory Design of Computer Programs**

Lesson 353 : **Finding Words Design of Computer Programs**

Lesson 354 : **Regression Tests Design of Computer Programs**

Lesson 355 : **Readwordlist Design of Computer Programs**

Lesson 356 : **Readwordlist Solution Design of Computer Programs**

Lesson 357 : **Extend Prefix Design of Computer Programs**

Lesson 358 : **Extend Prefix Design of Computer Programs**

Lesson 359 : **Adding Suffixes Design of Computer Programs**

Lesson 360 : **Adding Suffixes Design of Computer Programs**

Lesson 361 : **Longest Words Design of Computer Programs**

Lesson 362 : **Longest Words Design of Computer Programs**

Lesson 363 : **Word Score Design of Computer Programs**

Lesson 364 : **Word Score Solution Design of Computer Programs**

Lesson 365 : **Top N Hands Design of Computer Programs**

Lesson 366 : **Top N Hands Solution Design of Computer Programs**

Lesson 367 : **Crosswords Design of Computer Programs**

Lesson 368 : **Anchors Design of Computer Programs**

Lesson 369 : **Anchors Solution Design of Computer Programs**

Lesson 370 : **Bird By Bird Design of Computer Programs**

Lesson 371 : **Anchor Class Design of Computer Programs**

Lesson 372 : **Row Plays Design of Computer Programs**

Lesson 373 : **Legal Prefixes Design of Computer Programs**

Lesson 374 : **Legal Prefixes Design of Computer Programs**

Lesson 375 : **Life is Good Design of Computer Programs**

Lesson 376 : **Increasing Efficiency Design of Computer Programs**

Lesson 377 : **Increasing Efficiency Solution Design of Computer Programs**

Lesson 378 : **Show And Spell Design of Computer Programs**

Lesson 379 : **Show And Spell Solution Design of Computer Programs**

Lesson 380 : **Horizontal Plays Design of Computer Programs**

Lesson 381 : **Horizontal Plays Solution Design of Computer Programs**

Lesson 382 : **All Plays Design of Computer Programs**

Lesson 383 : **All Plays Solution Design of Computer Programs**

Lesson 384 : **Set Anchors Design of Computer Programs**

Lesson 385 : **The Final Birds Design of Computer Programs**

Lesson 386 : **Scoring Design of Computer Programs**

Lesson 387 : **Scoring 2 Design of Computer Programs**

Lesson 388 : **Making The Board Design of Computer Programs**

Lesson 389 : **Making The Board Solution Design of Computer Programs**

Lesson 390 : **Making Plays Design of Computer Programs**

Lesson 391 : **Making Plays Solution Design of Computer Programs**

Lesson 392 : **Best Play Design of Computer Programs**

Lesson 393 : **Best Play Solution Design of Computer Programs**

Lesson 394 : **Anagrams Design of Computer Programs**

Lesson 395 : **Anagrams Solution Design of Computer Programs**

Lesson 396 : **Blank Tiles Design of Computer Programs**

Lesson 397 : **Blank Tiles Solution Design of Computer Programs**

Lesson 398 : **Boggle Design of Computer Programs**

Lesson 399 : **Boggle Solution Design of Computer Programs**

Lesson 400 : **Office Hours 6 Design of Computer Programs**

Lesson 401 : **Intro Design of Computer Programs**

Lesson 402 : **Welcome Design of Computer Programs**

Lesson 403 : **Sally Goldman Design of Computer Programs**

Lesson 404 : **Niniane Wang Design of Computer Programs**

Lesson 405 : **Josh Bloch Design of Computer Programs**

Lesson 406 : **Guido Van Rossum Design of Computer Programs**

Lesson 407 : **Alex Martelli Design of Computer Programs**

Lesson 408 : **Congratulations Design of Computer Programs**

Lesson 409 : **Portmanteau Solution Design of Computer Programs**

Lesson 410 : **Portmanteau Solution Design of Computer Programs**

Lesson 411 : **Portmanteau Solution Design of Computer Programs**

Lesson 412 : **Portmanteau Solution Design of Computer Programs**

Lesson 413 : **Portmanteau Solution Design of Computer Programs**

Lesson 414 : **Portmanteau Solution Design of Computer Programs**

Lesson 415 : **Congratulations Design of Computer Programs**
