Mindluster Platform

About the course Flutter From beginner to professional

Flutter is a great cross-platform solution and is growing day by day in popularity. More and more developers are adopting flutter for mobile development and startups are also looking to hire flutter developers for building their mobile application.

Programming Category's Courses

Course Lesson(86)

Lesson 1 : **Building a Multi Page Application with Dart s Flutter Mobile Framework**

Lesson 2 : **Making Http requests and Using Json in Dart s Flutter Framework**

Lesson 3 : **Building Dynamic Lists with Streams in Dart s Flutter Framework**

Lesson 4 : **Using GridView Tabs and Steppers in Dart s Flutter Framework**

Lesson 5 : **Using Global Keys to get State and Validate Input in Dart s Flutter Framework**

Lesson 6 : **The Basics of Animation with Dart s Flutter Framework**

Lesson 7 : **Advanced Physics Based Animations in Dart s Flutter Framework**

Lesson 8 : **Building a Drag and Drop Application with Dart s Flutter Framework**

Lesson 9 : **Building a Temperature Conversion Application using Dart s Flutter Framework**

Lesson 10 : **Using Inherited Widgets and Gesture Detectors in Dart s Flutter Framework**

Lesson 11 :
Using Gradients Fractional Offsets Page Views and Other Widgets in Dart s Flutter Framework

Lesson 12 : **Building a Calculator Layout using Dart s Flutter Framework**

Lesson 13 : **Finishing our Calculator Application with Dart s Flutter Framework**

Lesson 14 : **Dart Flutter Chat App Tutorial**

Lesson 15 :
Making use of Shared Preferences Flex Widgets and Dismissibles with Dart s Flutter framework

Lesson 16 : **Using the Different Style Widgets and Properties in Dart s Flutter Framework**

Lesson 17 : **Composing Animations and Chaining Animations in Dart s Flutter Framework**

Lesson 18 :
Building a Countdown Timer with a Custom Painter and Animations in Dart s Flutter Framework

Lesson 19 : **Reading and Writing Data and Files with Path Provider using Dart s Flutter Framework**

Lesson 20 : **Exploring Webviews and the Url Launcher Plugin in Dart s Flutter Framework**

Lesson 21 : **Building a Movie Searcher with RxDart and SQLite in Dart s Flutter Framework Part 1**

Lesson 22 : **Building a Movie Searcher with RxDart and SQLite in Dart s Flutter Framework Part 2**

Lesson 23 :
Building a Movie Searcher with RxDart and SQLite in Dart s Flutter Framework Part 3 Final

Lesson 24 : **Adding a Real time Database to a flutter application with Firebase**

Lesson 25 : **Building a List in Redux with Dart s Flutter Framework**

Lesson 26 : **Managing State with the Scoped Model Pattern in Dart s Flutter Framework**

Lesson 27 : **Building a Mine Sweeper Game using Dart s Flutter Framework Part 1**

Lesson 28 : **Building a Mine Sweeper Game using Dart s Flutter Framework Part 2**

Lesson 29 : **Building a Mine Sweeper Game using Dart s Flutter Framework Part 3**

Lesson 30 : **Building a Mine Sweeper Game using Dart s Flutter Framework Part 4 Final**

Lesson 31 : **Authenticating Guest Users for Firebase using Dart s Flutter Framework**

Lesson 32 : **How to Monetize Your Flutter Applications Using Admob**

Lesson 33 :
Using Geolocator to Communicate with the GPS and Build a Map in Dart s Flutter Framework

Lesson 34 : **Managing the App Life Cycle and the Screen Orientation in Dart s Flutter Framework**

Lesson 35 : **Managing State with Flutter Flux and Building a Crypto Tracker App**

Lesson 36 : **Making Use of Utility Plugins for Dart s Flutter Framework**

Lesson 37 : **Interfacing with Websockets using Dart s Flutter Framework**

Lesson 38 : **Weather Application with Flutter Part 1 Handling Complex Json with Code Generation**

Lesson 39 : **Weather Application with Flutter Part 2 Creating a Repository and Model**

Lesson 40 : **Weather Application with Flutter Part 3 RxCommands and an Inherited Widget**

Lesson 41 : **Weather Application with Flutter Part 4 Finishing the Application with RxWidget**

Lesson 42 : **Fixing an App with a Deprecated Library and API Weather App Part 5**

Lesson 43 :
Playing Local Network and YouTube Videos with the Video Player Plugin in Dart s Flutter Framework

Lesson 44 : **How to Localize and Internationalize Applications with Intl in Dart s Flutter Framework**

Lesson 45 : **Building Custom Scroll Physics and Simulations with Dart s Flutter Framework**

Lesson 46 : **Making Dynamic Layouts with Slivers in Dart s Flutter Framework**

Lesson 47 : **Building a Sketch Application by using Custom Painters in Dart s Flutter Framework**

Lesson 48 :
Using Dart Isolates Dependency Injection and Future Builders in Dart s Flutter Framework

Lesson 49 :
Using Scoped Model in a Multi Page or Tabbed Application With Dart s Flutter Framework

Lesson 50 : **Manually Spawning Isolates for Larger Computations in Dart s Flutter Framework**

Lesson 51 : **Looking at the Main Features of the Beta Three Release of Dart s Flutter Framework**

Lesson 52 : **Working with Material Theme and Fonts in Dart s Flutter Framework**

Lesson 53 : **Using Cloud Firestore as a Realtime Datastore for CRUD with Dart s Flutter Framework**

Lesson 54 :
Authenticating Users with Google in Firebase and Firestore inside of Dart s Flutter Framework

Lesson 55 :
Using the Elm Architecture or the MVU pattern with Dartea inside of Dart s Flutter Framework

Lesson 56 :
Using the BloC Pattern to Build Reactive Applications with Streams in Dart s Flutter Framework

Lesson 57 :
Building Immutable Models with Built Value and Built Collection in Dart s Flutter Framework

Lesson 58 : **Building Pure Dart Libraries and Packages for Dart s Flutter Framework**

Lesson 59 : **Using Plugins to Interface with Android or iOS with Dart s Flutter Framework**

Lesson 60 : **Using Firestore Storage and Caching Files inside of Dart s Flutter Framework**

Lesson 61 :
Using Tab and Scroll Controllers and The Nested Scroll View in Dart s Flutter Framework

Lesson 62 : **Build Custom FABs and Bottom App Bars inside of Dart s Flutter Framework**

Lesson 63 : **Persisting UI State and Building Bottom Navigation Bars in Dart s Flutter Framework**

Lesson 64 :
Using the Cupertino Library to Add iOS Themed Widgets to the App in Dart s Flutter Framework

Lesson 65 :
Managing and Merging Streams and Using Types for Matching in Dart s Flutter Framework

Lesson 66 : **Building a Todo Application CRUD In Flutter With Redux Part 1**

Lesson 67 : **Building a Todo Application CRUD In Flutter With Redux Part 2**

Lesson 68 : **Building a Todo Application CRUD In Flutter With Redux Part 3**

Lesson 69 : **Advanced Flutter Project Setting Up the Basics Part One**

Lesson 70 : **Advanced Flutter Project Adding a Second BloC Part Two**

Lesson 71 :
Flutter Best Practices Building a Generic BLoC Provider Advanced Flutter Project Part Three

Lesson 72 : **Advanced Flutter Project Adding Fonts and Fuzzy Timestamps Part Four**

Lesson 73 : **Advanced Flutter Project Filtering Contributions and Building Aesthetics Part Five**

Lesson 74 :
Advanced Flutter Project Third BLoC StreamControllers and Periodic Observables Part Six

Lesson 75 : **Working With gRPC in Flutter on Top of a Go Service**

Lesson 76 : **Building a Flutter Speech to Text Speech Recognizer Application**

Lesson 77 : **Using Flare to Build Vector Graphics and Animations in Flutter**

Lesson 78 : **Live Coding a Flutter Application Learning the Sembast Database Plugin**

Lesson 79 : **Hummingbird Flutter Web Tech Demo Performance and Bundle Size Follow Up**

Lesson 80 : **Flutter Chat Application with Cloud Firestore and Firebase Authentication**

Lesson 81 :
Flutter Tutorial Adding Pagination with a NotificationListener widget and ScrollNotifications

Lesson 82 : **Dart Static Extension Methods Dart 2 6**

Lesson 83 : **Flutter Clock Contest Building a Prototype Clock Live Stream**

Lesson 84 : **Building a Multi room Flutter Chat App with the Stream Platform**

Lesson 85 : **Unit and Widget Testing in Flutter**

Lesson 86 : **Streamlining Internationalization with Flutter Intl**
