About the course Coronavirus Pandemic

Vitamin D for respiratory infections course, in this course we will explore the role of Vitamin D in preventing and managing respiratory infections. We'll examine its effects on the immune system, research findings on its potential benefits, and strategies for optimizing Vitamin D levels to support respiratory health. Understanding Vitamin D's impact on respiratory infections is crucial for healthcare professionals and individuals seeking to enhance immune function and reduce the risk of respiratory illnesses.

Medical Category's Courses

Course Lesson(28)

Lesson 1 : **Serology Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH**

Lesson 2 :
Mother Fetal Transmission Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 3 : **Pregnancy Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH**

Lesson 4 :
Face coverings for the general public Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 5 : **RT PCR Block testing Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH**

Lesson 6 :
Ace Inhibitors and ARBs Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 7 : **Recycling N95 masks Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH**

Lesson 8 :
COVID 19 survival on surfaces Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 9 :
Hydroxychloroquine Azithromycin Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 10 :
Love for healthcare workers Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 11 :
How long does immunity last Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 12 :
How long will the pandemic last Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 13 :
Passive immunity with plasma therapy Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 14 : **COVID 19 vaccines Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH**

Lesson 15 :
Managing L type COVID 19 patients Coronavirus Pandemicâ€”Daily Report with Rishi Desai MD MPH

Lesson 16 :

Vitamin D for respiratory infections Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 17 :
Caring for vulnerable populations Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 18 : Remdesivir Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 19 : BCG vaccine Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 20 : Splitting ventilators Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 21 :
Prone positioning on ventilators Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 22 :
African Americans and COVID 19 Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 23 :
Human challenge studies Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 24 :
Cultural changes during COVID 19 Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 25 :
Trusting antibody testing Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 26 :
Children and COVID 19 Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 27 :
Digital surveillance technology Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH

Lesson 28 :
COVID 19 and climate change Coronavirus Pandemicâ€"Daily Report with Rishi Desai MD MPH
