Mindluster Platform

About the course Functional JavaScript

Is JavaScript a functional programming language or object-oriented? Thanks to new developments in ES6, we can say that JavaScript is both a functional as well as object-oriented programming language because of the various first-class features it provides.

Programming Category's Courses

Course Lesson(7)

Lesson 1 : **Learning Functional JavaScript The Course Overview | packtpub com**

Lesson 2 : **Learning Functional JavaScript First class Functions | packtpub com**

Lesson 3 : **Learning Functional JavaScript Callbacks | packtpub com**

Lesson 4 : **Learning Functional JavaScript Partial Function Application | packtpub com**

Lesson 5 : **Learning Functional JavaScript What Is Immutability | packtpub com**

Lesson 6 : **Learning Functional JavaScript Recursive Thinking | packtpub com**

Lesson 7 : **Learning Functional JavaScript Lazy Evaluation | packtpub com**
