About the course Drink Spiking Symptoms and Signs

Drink Spiking Symptoms course, in this course we will explore the signs and symptoms associated with drink spiking. Participants will learn to recognize indicators of drink tampering, such as changes in taste, odor, or appearance. We'll discuss the effects of spiked drinks on the body and the potential psychological impact on victims. Through case studies and discussions, learners will gain insights into prevention strategies and legal considerations surrounding drink spiking. This course aims to enhance awareness and empower individuals to identify and respond effectively to drink spiking incidents.
