Mindluster Platform

About the course Serverless Web Development on AWS

Serverless on AWS. AWS offers technologies for running code, managing data, and integrating applications, all without managing servers. Serverless technologies feature automatic scaling, built-in high availability, and a pay-for-use billing model to increase agility and optimize costs.

Programming Category's Courses

Course Lesson(4)

Lesson 1 :
Serverless Web Development on AWS Using Lambda The Course Overview | packtpub com

Lesson 2 :
Serverless Web Development on AWS Using Lambda Understanding Serverless Concepts | packtpub com

Lesson 3 :
