Mindluster Platform

About the course Access and Covering with Kali Linux

A better approach would be to spend few weeks learning about Linux and its daemons, services, software, distributions and the way it works, and then watch few dozens of videos and courses about ethical hacking, and only then, try to use Kali to apply what you learned .

Programming Category's Courses

Course Lesson(4)

Lesson 1 :
Gaining Access and Covering Your Tracks with Kali Linux The Course Overview | packtpub com
