Mindluster Platform

About the course

Rotator Cuff Tear course, in this course we will explore the intricacies of rotator cuff tears, a common shoulder injury characterized by partial or complete tears of the tendons in the shoulder joint. Students will examine the anatomy of the rotator cuff, etiology of tears, diagnostic methods, and treatment options ranging from conservative management to surgical repair. Through case studies and practical demonstrations, participants will gain a comprehensive understanding of managing rotator cuff tears to restore shoulder function and alleviate pain.

Medical Category's Courses

Course Lesson(8)

Lesson 1 : **SLAP Tear and Repair 3D Animation No Narration**

Lesson 2 : **Rotator Cuff Tear and Surgical Repair 3D Animation**

Lesson 3 : **Total Reverse and Partial Shoulder Replacements 3D Animation**

Lesson 4 : **Proximal Biceps Tear Rupture and Repair biceps muscleinjury fitness**

Lesson 5 :
Proximal Biceps Tear and Biceps Tenodesis Restoring Function and Relieving Pain 3D Animation

Lesson 6 : **Frozen Shoulder Adhesive Capsulitis**

Lesson 7 : **Rotator Cuff Tear and Surgical Repair 3D Animation**

Lesson 8 : **Rotator Cuff Tear and Surgical Repair 3D Animation**
