Mindluster Platform

About the course Lightweight Kubernetes with K3s

K3s is very lightweight, but has some minimum requirements as outlined below. Whether you're configuring a K3s cluster to run in a Docker or Kubernetes setup, each node running K3s should meet the following minimum requirements. You may need more resources to fit your needs.

Programming Category's Courses

Course Lesson(3)

Lesson 1 : **Lightweight Kubernetes with K3s The Course Overview | packtpub com**

Lesson 2 :
Lightweight Kubernetes with K3s Running a k3s Master Node with Vagrant | packtpub com

Lesson 3 :
Lightweight Kubernetes with K3s k3s Specialities Edge Nodes IoT and Arm | packtpub com
