Mindluster Platform

About the course Backstage access essentials

Backstage access course, in this course we will learn about the essential aspects of backstage access in the entertainment industry. Participants will delve into the behind-the-scenes operations of theater, concerts, and events, gaining insights into stage management, lighting and sound techniques, costume design, show running, safety protocols, stage technology, production communications, and more. Through practical lessons and hands-on experiences, attendees will acquire the necessary skills to navigate and contribute effectively to the dynamic world behind the curtains.
