About the course Java data types essentials

Java data types course, in this course designed to provide learners with a thorough understanding of data types in the Java programming language. Throughout this course, participants will explore the various primitive and reference data types available in Java, including integers, floating-point numbers, characters, booleans, arrays, and objects. You'll learn how to declare, initialize, and manipulate different data types, as well as understand the concept of type casting and conversion. Additionally, the course covers advanced topics such as autoboxing, unboxing, and the type hierarchy in Java. Through practical examples and hands-on exercises, you'll gain proficiency in working with Java data types and develop the skills needed to write efficient and effective Java programs. Join us as we delve into the intricacies of Java data types and unlock their full potential in programming.

Programming Category's Courses

Course Lesson(27)

Lesson 1 :
ICSE Class 10 2022 New Assessment Plan and Bifurcated Syllabus Computer Applications

Lesson 2 : **What is Java**

Lesson 3 : **Object Oriented Concepts**

Lesson 4 : **Types of Programming Languages**

Lesson 5 : **Java Tokens**

Lesson 6 : **Java Data Types**

Lesson 7 : **Java Operator**

Lesson 8 : **Java Operator Precedence Associativity**

Lesson 9 : **Java if else and switch**

Lesson 10 : **Java For Loop**

Lesson 11 : **Java While Do While with Programs**

Lesson 12 : **Java Input Output**

Lesson 13 : **Solve any Factor Program in 10 minutes**

Lesson 14 : **Solve any Number Program**

Lesson 15 : **Java Functions Examples**

Lesson 16 : **Solve any series program in Java Part 1**

Lesson 17 : **Java Functions Part 2**

Lesson 18 : **Java Function Exam Questions**

Lesson 19 : **Revise Java Constructors in 5 minutes**

Lesson 20 : **ICSE Class 10 2022 Semester 1 Specimen Paper Analysis of Computer Applications**

Lesson 21 : **How to solve MCQs on if else if in Java**

Lesson 22 : **How to Solve MCQ questions on switch case in Java**

Lesson 23 : **How to solve MCQ on Java for statement**

Lesson 24 : **How to Solve MCQ on while in Java**

Lesson 25 : **Solve String Programs in Java**

Lesson 26 : **String in Java Word Programs**

Lesson 27 : **Print in Java**
