About the course Combining Files in Power BI for beginners

Combining Files in Power BI course, in this course designed to equip participants with the skills to effectively merge and consolidate data from multiple files using Power BI. Throughout this course, participants will learn various techniques for combining files, including appending, merging, and importing data from different sources such as Excel, CSV, and databases. Participants will explore the Power Query Editor, where they can perform data transformations, clean and shape data, and create relationships between datasets. By mastering the art of combining files in Power BI, participants will be able to create unified and comprehensive datasets for analysis and reporting, enabling better decision-making and insights. Whether you're a beginner or an experienced Power BI user, this course covers everything you need to know to streamline your data integration process and unlock the full potential of Power BI for data analysis and visualization. Let's dive into the world of combining files in Power BI and elevate your data analytics skills.

Computer Softwares Category's Courses

Course Lesson(17)

Lesson 1 : **Power BI Tutorial Import Files from a Folder into Power BI Desktop**

Lesson 2 : **Power BI Tutorial Import Data from Excel and Text Files**

Lesson 3 : **Power BI Tutorial Queries to Create Lookup Tables**

Lesson 4 : **Power BI Tutorial Merge Queries in Power Query**

Lesson 5 : **Power BI Tutorial Create Relationships Between Tables in Power BI**

Lesson 6 : **Power BI DAX How to Calculate Total Revenue**

Lesson 7 : **Power BI DAX How to Count the Total Rows of a Table**

Lesson 8 : **Power BI DAX How to Use the CALCULATE Function**

Lesson 9 : **Power BI Tutorial How to Publish Your Report to the Power BI Service**

Lesson 10 : **Power BI Tutorial Different Ways to Share your Power BI Report 10**

Lesson 11 : **Data Modelling in Power BI**

Lesson 12 : **Combining Files in Power BI**

Lesson 13 : **Creating a Power BI Report Detailed Power BI Tutorial**

Lesson 14 : **Visualizations in Power BI Full Tutorial**

Lesson 15 : **Microsoft Power BI for Beginners 2 Hour Power BI Crash Course**

Lesson 16 :
Microsoft Power BI Beginner to Intermediate Course 4 Hours Data Visualization Training

Lesson 17 : **Power BI Tutorial for Beginners Introduction to Data Visualization and Analysis**
