Mindluster Platform

About the course What is Entity Framework

An entity is a lightweight persistence domain object. Typically, an entity represents a table in a relational database, and each entity instance corresponds to a row in that table. The primary programming artifact of an entity is the entity class, although entities can use helper classes.

Programming Category's Courses

Course Lesson(25)

Lesson 1 : **Part 1 What is Entity Framework**

Lesson 2 : **Part 2 Entity Framework Model First Approach**

Lesson 3 : **Part 3 Entity Framework Code First Approach**

Lesson 4 : **Part 4 Customizing table column and foreign key column names when using entity framework code fir**

Lesson 5 : **Part 5 How to handle model changes in entity framework**

Lesson 6 : **Part 6 How to seed database with test data using entity framework**

Lesson 7 : **Part 7 Using stored procedures with entity framework**

Lesson 8 : **Part 8 Using stored procedures with entity framework code first approach**

Lesson 9 : **Part 9 Overriding stored procedure defaults with entity framework code first approach**

Lesson 10 : **Part 10 Entity splitting in entity framework**

Lesson 11 : **Part 11 Entity splitting in entity framework with code first approach**

Lesson 12 : **Part 12 Table splitting in entity framework**

Lesson 13 : **Part 13 Table splitting in entity framework with code first approach**

Lesson 14 : **Part 14 Conditional Mapping in entity framework**

Lesson 15 : **Part 15 Conditional Mapping in entity framework with code first**

Lesson 16 : **Part 16 Self referencing association in entity framework**

Lesson 17 : **Part 17 Self referencing association in entity framework wth code first**

Lesson 18 : **Part 18 Table Per Hierarchy TPH inheritance in entity framework**

Lesson 19 : **Part 19 Table Per Hierarchy TPH inheritance in entity framework with code first**

Lesson 20 : **Part 20 Table Per Type TPT inheritance in entity framework**

Lesson 21 : **Part 21 Table Per Type TPT inheritance code first**

Lesson 22 : **Part 22 Many to many relationship in entity framework**

Lesson 23 : **Part 23 Many to many relationship in entity framework code first**

Lesson 24 : **Part 24 Entity for BridgeTable in many to many relationship**

Lesson 25 : **Part 25 Entity for BridgeTable in many to many relationship code first**
