About the course CCSK introduction

Course Presenter : URDUIT Academy

CCSK Introduction Course: In this course, you will gain an introduction to the Certificate of Cloud Security Knowledge (CCSK). Learn about fundamental cloud security principles, concepts, and best practices across various cloud computing models. Understand cloud architecture, data security, identity management, compliance, encryption, and incident response. This course provides a solid foundation for pursuing the CCSK certification and is suitable for professionals involved in cloud security or those seeking to enhance their knowledge of cloud security practices. With practical examples and case studies, you will develop a strong understanding of cloud security fundamentals and their application in real-world scenarios. URDUIT Academy

Computer Science Category's Courses

Course Lesson(19)

Lesson 1 :
Introduction to CCSK Series on UITA Master Cloud Security CCSK Certification Explained

Lesson 2 : **Lecture 1 Introduction to CCSK Master Cloud Security CCSK Certification Explained**

Lesson 3 :
Lecture 2 Mastering Cloud Computing CCSK Cloud Computing Concepts Architecture Part 1

Lesson 4 : **Lecture 3 Cloud Computing Concept Architecture Part 2 CCSK Cloud Computing**

Lesson 5 : **Lecture 4 Governance and Enterprise Risk Management CCSK Cloud Computing**

Lesson 6 : **Lecture 5 Governance and Enterprise Risk Management ENISA CCSK Cloud Computing**

Lesson 7 : **Lecture 6 Legal Issues Contracts and Electronic Discovery CCSK Cloud Computing**

Lesson 8 : **Lecture 7 Electronic Discovery CCSK Cloud Computing Master Cloud Security**

Lesson 9 :
Lecture 8 Compliance and Audit Management CCSK Cloud Computing Master Cloud Security

Lesson 10 : **Lecture 9 Information Governance CCSK Cloud Computing Master Cloud Security**

Lesson 11 :
Lecture 10 Management Plane Business Continuity CCSK Cloud Computing Master Cloud Security

Lesson 12 : **Lecture 11 Infrastructure Security Cloud Security Cloud Computing security**

Lesson 13 : **Lecture 12 Virtualization and Containers in Cloud Computing CCSK**

Lesson 14 : **Lecture 13 Incident Response in the Cloud Computing CCSK**

Lesson 15 : **Lecture 14 Application Security in Cloud Computing Part 1 Cloud Security CCSK**

Lesson 16 : **Lecture 16 Data Security and Encryption Cloud Security CCSK**

Lesson 17 : **Lecture 15 Application Security Part 2 in Cloud Computing CCSK**

Lesson 18 : **Lecture 17 Identity Entitlement and Access Management in Cloud Computing CCSK**

Lesson 19 : **Lecture 18 Security as a Service SecaaS in Cloud Computing CCSK**
