About the course UI UX Design introduction

Course Presenter : URDUIT Academy

UI/UX Design Introduction Course: In this course, you will gain an introduction to UI (User Interface) and UX (User Experience) design. Learn the principles, methodologies, and tools used in designing visually appealing and user-friendly interfaces. Understand how to conduct user research, create wireframes, prototype interactions, and perform usability testing. With practical exercises and real-world examples, this course equips you with the skills to design intuitive and engaging user experiences. Suitable for beginners and aspiring designers, this course provides a solid foundation in UI/UX design, enabling you to create products that delight users and meet their needs effectively. URDUIT Academy

Computer Science Category's Courses

Course Lesson(21)

Lesson 1 : **Introduction to UI UX Series**

Lesson 2 : **UI UX Design Lecture 1 Intro to UIUX Course**

Lesson 3 : **UI UX Design Lecture 2 What is UIUX**

Lesson 4 : **UI UX Design Lecture 3 Free UIUX Certificate Job Profiles and T shape Designer**

Lesson 5 : **UI UX Design Lecture 4 Design Tools and Demo project**

Lesson 6 : **UI UX Design Lecture 5 Figma Demo**

Lesson 7 : **UI UX Design Lecture 6 UX Design Process Empathize**

Lesson 8 : **UI UX Design Lecture 7 User discovery and needs**

Lesson 9 : **UI UX Design Lecture 8 User Persona**

Lesson 10 : **UI UX Design Lecture 9 Crazy 8 Fast Sketching Design Excercise**

Lesson 11 : **UI UX Design Lecture 10 Understanding fidelity and making wireframe**

Lesson 12 : **UI UX Design Lecture 11 Information Architecture and Flows**

Lesson 13 : **UI UX Design Lecture 12 Making Low Fidelity Design**

Lesson 14 : **UI UX Design Lecture 13 Making a low fidelity prototype**

Lesson 15 : **UI UX Design Lecture 14 User usability testing and changes**

Lesson 16 : **UI UX Design Lecture 15 Typography Colors and Images**

Lesson 17 : **UI UX Design Lecture 16 Design Principles and Practices**

Lesson 18 : **UI UX Design Lecture 17 High Fidelity Design**

Lesson 19 : **UI UX Design Lecture 18 Prototype Design**

Lesson 20 : **UI UX Design Lecture 19 Portfolio case study**
