About the course AISA For beginners

Course Presenter : Hemang Doshi

GDPR Series Course: In this course, you will gain comprehensive knowledge about the General Data Protection Regulation (GDPR). Explore the key principles, requirements, and obligations related to data protection and privacy. Understand consent, data subject rights, security measures, and compliance frameworks. With practical examples and case studies, develop the skills to ensure GDPR compliance in handling personal data. Suitable for professionals in data management and privacy roles, this course equips you to navigate the complexities of GDPR, mitigate risks, and establish robust data protection practices in accordance with the law. Hemang Doshi

Computer Science Category's Courses
