About the course Virtualization in cloud computing development

Virtualization in cloud computing course, in this course designed to provide learners with a deep understanding of virtualization technologies and their role in cloud computing environments. Throughout this course, participants will explore various virtualization techniques, including hypervisor-based virtualization, containerization, and hardware-assisted virtualization. They will learn how virtualization enables the efficient utilization of resources, improved scalability, and enhanced flexibility in cloud infrastructures. Additionally, the course will cover topics such as virtual machine management, resource allocation, and performance optimization strategies. Through hands-on exercises and practical demonstrations, students will gain proficiency in implementing and managing virtualized environments in cloud computing scenarios. By the end of the course, participants will be equipped with the knowledge and skills needed to leverage virtualization effectively in cloud deployments, empowering them to design, deploy, and manage robust cloud infrastructures. Let's embark on this journey of exploring Virtualization in Cloud Computing and unlock the potential of cloud-based virtualized environments.

Computer Science Category's Courses

Course Lesson(27)

Lesson 1 : **Lec 1 1 Introduction to Cloud Computing in Hindi**

Lesson 2 : **Lec 1 2 Characteristics of Cloud Computing in Hindi**

Lesson 3 : **Lec 1 3 Applications of Cloud Computing in Hindi**

Lesson 4 : **Lec 1 4 Benifits Advantage of Cloud Computing in Hindi**

Lesson 5 : **Lec 1 5 Challenges of Cloud Computing in Hindi**

Lesson 6 : **Lec 2 1 Cloud Service Models IaaS PaaS SaaS Cloud Computing in Hindi**

Lesson 7 :
Lec 2 2 Cloud Computing Deployment Models Public Private Community Hybrid Cloud in Hindi

Lesson 8 : **Lec 2 3 Major Cloud Service Providers in Cloud Computing in Hindi**

Lesson 9 : **Lec 3 1 Overview of SLA in cloud Computing in Hindi**

Lesson 10 : **Lec 3 2 Types of SLA in Cloud Computing in Hindi**

Lesson 11 : **Lec 3 3 Lifecycle of SLA SLA Life Cycle in Cloud Computing in Hindi**

Lesson 12 : **Lec 3 4 SLA Management Process in Cloud Computing in Hindi**

Lesson 13 : **Lec 4 1 Overview of Virtualization in Cloud Computing in Hindi**

Lesson 14 : **Lec 4 2 Types of Virtualization in Cloud Computing in Hindi**

Lesson 15 : **Lec 4 3 Hypervisor in Cloud Computing in Hindi**

Lesson 16 : **Lec 5 1 Introduction to Cloud Security in Cloud Computing in Hindi**

Lesson 17 : **Lec 5 2 Infrastructure Security in Cloud Computing in Hindi**

Lesson 18 : **Lec 5 3 Data Security Privacy Issues in Cloud Computing in Hindi**

Lesson 19 : **Lec 6 1 Cloud Storage Overview in Cloud Computing in Hindi**

Lesson 20 : **Lec 6 2 Benifits and challenges of Cloud Storage in Hindi**

Lesson 21 : **Lec 6 3 Storage Area Network SAN in Cloud Computing in Hindi**

Lesson 22 : **Lec 7 1 Overview of Scheduling Problem in Cloud Computing in Hindi**

Lesson 23 : **Lec 7 2 Types of Scheduling in Cloud Computing in Hindi**

Lesson 24 : **Cloud Computing MCQ Based Questions Part 1**

Lesson 25 : **Cloud Computing MCQ Based Questions Part 2 in Hindi**

Lesson 26 : **Cloud Computing MCQ Based Questions Part 3 in Hindi**

Lesson 27 : **Cloud Computing MCQ Based Questions Part 4 in Hindi**
