About the course Microsoft teams for teachers

Microsoft teams for teachers course, in this course we will learn about Microsoft Teams for Teachers, a powerful tool designed to enhance the digital classroom experience. You'll start by exploring the basics of setting up virtual classrooms, creating teams for different classes, and organizing your teaching materials within the platform. Weâ€™ll cover how to schedule and manage virtual meetings, assign and grade assignments, and provide feedback to students in real-time. Additionally, the course will delve into using Teams to foster collaboration among students through group projects and discussions. Youâ€™ll also learn how to integrate other Microsoft apps, such as OneNote and PowerPoint, to streamline your lesson planning and delivery. By the end of this course, youâ€™ll be proficient in using Microsoft Teams to create an interactive and engaging learning environment, ensuring that your students stay connected and motivated, whether learning in person or remotely.
