About the course Uploading files in google forms for beginners

Uploading files in google forms course, in this course we will learn about uploading files in Google Forms, starting with how to set up and customize this feature in your forms. Youâ€™ll explore the different file types and sizes you can accept, how to organize and manage the uploaded files in your Google Drive, and how to ensure that the process is secure for both you and your respondents. The course will guide you through practical scenarios, such as using file uploads for assignments, registrations, or project submissions, and show you how to review and download the collected files efficiently. By the end of this course, you will be equipped with the knowledge and skills to effectively use Google Forms to gather and manage files, streamlining your data collection process and making it easier to organize and access the information you need.
