About the course Microsoft edge tools and settings

Microsoft edge tools course, in this course you'll explore the various tools and features available in the Microsoft Edge browser to enhance your browsing experience. We will cover how to use Edge's built-in tools, such as Collections for organizing and saving web content, the Reading List for managing articles, and the Immersive Reader for a distraction-free reading experience. Youâ€™ll also learn about Edgeâ€™s security features, including SmartScreen and privacy settings, as well as productivity tools like Web Capture and the sidebar with integrated apps. Additionally, weâ€™ll dive into customization options to tailor Edge to your preferences, including setting up extensions and managing bookmarks. By the end of this course, you will have a comprehensive understanding of Microsoft Edge tools and how to leverage them for a more efficient, secure, and personalized browsing experience.
