About the course Exporting microsoft entra connect

Exporting microsoft entra connect course, in this course we will explore the process of Exporting Microsoft Entra Connect configurations, a crucial task for ensuring the smooth management of hybrid identity environments. We will begin by understanding the fundamentals of Microsoft Entra Connect, its role in synchronizing on-premises Active Directory with Azure Active Directory, and how exporting these configurations can help with backup, recovery, and migration scenarios. You will learn the step-by-step procedure for exporting Entra Connect settings, including rules, synchronization profiles, and custom configurations, and how to store them securely for future use. We will also cover best practices for exporting data, such as scheduling regular exports, validating exported data, and troubleshooting common export-related issues. By the end of this course, you will be equipped to confidently export and manage Microsoft Entra Connect configurations, ensuring seamless identity synchronization and reducing the risk of data loss in your organization.

Computer Softwares Category's Courses

Course Lesson(51)

Lesson 1 :
How to migrate from Microsoft Entra ID Graph and MSOL PowerShell to MS Graph PowerShell Microsoft

Lesson 2 :
Admin consent and how to add Graph permissions in Microsoft Entra registered applications Microsoft

Lesson 3 : **Microsoft Graph PowerShell Microsoft**

Lesson 4 : **What is device writeback and how to enable it in Microsoft Entra Connect Microsoft**

Lesson 5 : **Overview of Microsoft Graph API and delegated permissions**

Lesson 6 :
Troubleshooting NPS configuration issues with Microsoft Entra multi factor authentication Microsoft

Lesson 7 :
How to troubleshoot a invalidated PRT Primary Refresh Token in Microsoft Entra Microsoft

Lesson 8 : **How to perform an in place upgrade for Microsoft Entra Connect Microsoft**

Lesson 9 :
How to reset multi factor authentication MFA on a new device or if a device is lost Microsoft

Lesson 10 :
How to change the maximum number of devices Microsoft Entra joins or registers Microsoft

Lesson 11 :
Changing user authentication methods for Microsoft Entra Multi Factor Authentication MFA Microsoft

Lesson 12 : **How to troubleshoot login issues on Hybrid Microsoft Entra Joined devices Microsoft**

Lesson 13 : **How to clean up stale devices in Microsoft Entra Microsoft**

Lesson 14 :

How to disable Microsoft Entra multi factor authentication MFA from an admin perspective Microsoft

Lesson 15 : **How to troubleshoot synchronization issues in Microsoft Entra Connect Microsoft**

Lesson 16 : **Overview of how Intune policies are deployed Microsoft**

Lesson 17 :
How to use Microsoft Entra activity dashboard to track the usage of authentication methods Microsoft

Lesson 18 : **Overview of device compliance policies in Intune Microsoft**

Lesson 19 : **How to enroll a device in Intune Microsoft**

Lesson 20 : **How to troubleshoot device enrollment issues in Intune Microsoft**

Lesson 21 :
Overview of application permissions and using Graph API with application permissions Microsoft

Lesson 22 : **How to limit admin rights with Windows Autopilot Microsoft**

Lesson 23 : **How to troubleshoot Microsoft Entra join failures Microsoft**

Lesson 24 :
How to troubleshoot permissions issues in Microsoft Entra Sync CA policy blocking the sync account

Lesson 25 :
How to create update a named trusted location and add to Microsoft Entra Conditional Access policy

Lesson 26 :
Understanding Duplicate Attributes and Duplicate Attribute Resiliency during synchronization

Lesson 27 :
How to troubleshoot unexpected Allow scenarios due to Conditional Access policies in Microsoft Entra

Lesson 28 : **How to troubleshoot Error 114 in Microsoft Entra Connect**

Lesson 29 : **How to troubleshoot Microsoft Entra Connect issues with group writeback Microsoft**

Lesson 30 :
Permissions issues enable inheritance in Microsoft Entra Connect during synchronization Microsoft

Lesson 31 :
Considerations before switching Microsoft Entra Connect Staging server to Production server

Lesson 32 :
Troubleshoot Device Compliance issues based onÂ Conditional Access Policies in Microsoft Entra

Lesson 33 :
How to exclude and include Cloud apps in Conditional Access Policies in Microsoft Entra Microsoft

Lesson 34 :
Overview of Microsoft Entra Connect Soft Match and how to perform Soft Match Microsoft

Lesson 35 :
How to enforce MFA based on Conditions inÂ Conditional Access policies in Microsoft Entra Microsoft

Lesson 36 :
How to import export Microsoft Entra Connect Configuration when upgrading Connect server

Lesson 37 :
What is Microsoft Entra Connect Hard Match and how to perform Hard Match Microsoft

Lesson 38 :
How to troubleshoot duplicate error UPN in Microsoft Entra Connect during synchronization

Lesson 39 : **What is Microsoft Entra Connect Hard Match and how to perform Hard Match**

Lesson 40 :
Recommendations and best practices during Microsoft Entra Connect Swing Migration Microsoft

Lesson 41 : **How to use Device Filters in Conditional Access policies in Microsoft Entra Microsoft**

Lesson 42 : **How to troubleshoot Microsoft Entra Connect Sync service when not starting Microsoft**

Lesson 43 :
Troubleshoot Duplicate error Proxy address in Microsoft Entra during synchronization Microsoft

Lesson 44 : **Overview of Microsoft Entra Graph deprecation Microsoft**

Lesson 45 : **How to shrink a SQL Server transactional log file Microsoft**

Lesson 46 : **Overview of certificate management for Applications on Microsoft Entra Microsoft**

Lesson 47 : **Overview of admin consent workflow in Microsoft Entra Microsoft**

Lesson 48 : **Overview of user consent and how to manage it in Microsoft Entra Microsoft**

Lesson 49 : **Overview of group assignment and claims in Entra ID Microsoft**

Lesson 50 : **How to add local admins to devices local administrator group using Intune Microsoft**

Lesson 51 : **Azure NetApps Performance â€“ Latency higher than expected**
