About the course Sharing powerpoint in microsoft teams meeting

Sharing powerpoint in microsoft teams course, in this course we will dive into Sharing PowerPoint in Microsoft Teams, focusing on how to effectively present your PowerPoint slides during a Teams meeting. Weâ€™ll start with the basics of sharing your presentation, including how to upload and share your PowerPoint file directly within Teams. Youâ€™ll learn how to use the â€œShare Screenâ€ feature to display your slides and manage your presentation in real-time. Weâ€™ll cover how to navigate through your slides, use annotation tools to highlight key points, and ensure that your audience has a smooth viewing experience. The course will also explore how to share specific slides or sections, collaborate with team members during the presentation, and handle common technical issues that may arise. Additionally, weâ€™ll provide tips on best practices for engaging your audience and utilizing Teams features to enhance your presentation. By the end of this course, youâ€™ll be confident in your ability to share and present PowerPoint presentations effectively in Microsoft Teams meetings.
