# About the course Adding watermarks in google docs

Adding watermarks in google docs course, in this course we will explore the process of adding watermarks in Google Docs, enabling you to personalize and brand your documents with ease. You will learn how to insert both text and image watermarks, whether for creative or professional use. Step by step, we will cover how to add custom watermarks by utilizing Google Docs' built-in features and tools. Additionally, the course includes tips for adjusting the transparency and positioning of watermarks to ensure they blend perfectly with the content. By the end of the course, you'll have mastered the techniques needed to create visually appealing documents with customized watermarks for various purposes such as reports, proposals, or presentations. This skill will help elevate your work to a more professional level, enhancing document security, branding, and aesthetics with minimal effort.
