About the course Creating a Poll in microsoft teams

Creating a Poll in microsoft teams course, in this course we will explore Creating a Poll in Microsoft Teams, where you will learn how to engage your team or class by using polls in meetings, channels, or chats. Polls are a great way to gather opinions, make decisions, or check understanding in real-time. We will guide you through the steps of creating quick polls using integrated tools like Microsoft Forms, customizing poll questions, and sharing them with your audience. Youâ€™ll also discover how to analyze poll responses, view real-time results, and share the outcomes with your team or class for collaborative decision-making. This course covers how to use polls effectively in different scenariosâ€”whether for gathering feedback, running quizzes, or making meetings more interactive. By the end of the course, you will be proficient in creating, managing, and interpreting polls in Microsoft Teams, enhancing both communication and participation within your meetings or online classroom. This course is ideal for educators, team leaders, and professionals looking to increase engagement and streamline decision-making processes through the use of polls in Microsoft Teams.
