About the course Create time and activity tracker in excel

Create time and activity tracker in excel, in this course teaches you how to design a comprehensive time and activity tracker in Microsoft Excel. Learn to create structured tables to log activities, track time spent, and categorize tasks efficiently. Youâ€™ll explore Excel features like data validation for consistent entries, conditional formatting to highlight overdue or high-priority tasks, and formulas to calculate total time and productivity rates. The course also covers dynamic charts and dashboards for visualizing your progress and analyzing trends. Discover how to automate recurring tasks, filter and sort data for quick access, and customize your tracker to fit personal or professional needs. By the end of the course, youâ€™ll have a powerful tool to organize your schedule, enhance productivity, and effectively manage your time and activities.
