About the course Excel for bulk whatsApp messaging and image

Excel for bulk whatsApp messaging and image course, in this course This course teaches you how to automate sending bulk WhatsApp messages and images directly from Excel. Youâ€™ll learn how to use Excel in conjunction with WhatsApp API or third-party tools to streamline your communication. The course covers setting up the required environment, including connecting Excel with WhatsApp using automation scripts or add-ins. Youâ€™ll explore how to create a list of contacts, personalize messages, and attach images or media files for bulk sending. Weâ€™ll also cover how to manage responses and track delivery statuses in Excel, ensuring effective and organized communication. By the end of the course, youâ€™ll be equipped with the skills to automate marketing campaigns, customer communications, or event invitations using Excel and WhatsApp, saving you time and effort while maintaining personalized interaction at scale. This course is ideal for marketers, businesses, and individuals seeking to enhance their outreach via WhatsApp.
