About the course Looker Studio for beginners

Course Presenter : Couplerâ€¤io Academy

Looker Studio, in this course we will learn about Looker Studio, Google's powerful tool for creating interactive dashboards and data visualizations. Youâ€™ll explore how to connect data from various sources like Google Analytics, Sheets, and more, blend datasets, and create visually appealing reports. The course covers essential features such as filtering, dynamic charts, and customizing reports. You'll also learn how to collaborate with team members, share reports, and optimize performance. By the end, youâ€™ll gain the skills to turn raw data into actionable insights and design dashboards that deliver impactful results for business or personal projects. Couplerâ€¤io Academy
