About the course Google meet for beginners

Course Presenter : dottotech

Google meet for beginners, in this course we will learn about Google Meet, a powerful platform for virtual meetings and video conferencing. Designed for beginners, the course covers the basics of setting up and joining meetings, scheduling sessions, and managing participants. Youâ€™ll explore how to share your screen, use the chat feature, and troubleshoot common issues. The course also introduces essential tools like recording meetings, using captions, and customizing settings for a seamless experience. Whether for work, education, or personal use, this course will provide the skills needed to confidently host and participate in meetings, ensuring effective and productive communication. dottotech
