Mindluster Platform

About the course Zoom basics for beginners

Course Presenter : dottotech

Zoom basics, in this course we will explore the fundamentals of Zoom, the popular video conferencing platform. You will learn how to set up your Zoom account, schedule and join meetings, and navigate essential features like screen sharing, breakout rooms, and chat. We'll cover the basics of managing participants, enabling virtual backgrounds, and using audio and video settings effectively. Whether you are hosting meetings, collaborating with a team, or attending webinars, this course will provide step-by-step guidance to ensure you can confidently use Zoom for personal and professional needs. Perfect for beginners, this course aims to make video conferencing seamless and accessible to everyone.
