About the course Facebook privacy settings essentials

Course Presenter : dottotech

Facebook privacy settings, in this course we will explore everything you need to know about managing your Facebook privacy settings to protect your personal information and ensure your account stays secure. Youâ€™ll learn how to adjust your profile visibility, control who can see your posts, and manage friend requests safely. Weâ€™ll guide you through advanced privacy tools, such as blocking and reporting features, limiting access to past posts, and reviewing tags and mentions. Additionally, the course covers how to set up two-factor authentication, secure your login credentials, and recognize potential security threats. Whether youâ€™re new to Facebook or looking to enhance your privacy knowledge, this course will give you the confidence to take control of your online presence and interact safely on the platform. dottotech
